

## Tax Free Savings Account (TFSA) – Your Family Emergency Fund

---

**Proverbs 30:24-25 states, "Four things on earth are small yet they are extremely wise. Ants are creatures of little strength yet they store up their food in the summer."**

This principle found in Proverbs reflects why ABC District Investments Ltd is offering an Emergency Fund – through the Tax Free Savings Account.

### Expect the Unexpected

In life you should expect the unexpected, and this is why you need an emergency fund. Establishing an emergency savings fund is vital in assuring your assets are covered in case of emergency.

### How much?

If you don't have an emergency fund equal to three to six months of basic living expenses, you're living on the edge. There's no time like the present to get started. Your success in building your emergency fund depends on your consistency in saving money on a regular basis, and your ability to resist digging into your emergency fund for non-emergencies.

### Start Small...

You may have to start small...but start. Set your immediate goals to be manageable and you will have a better chance of reaching them. Get into the habit of making regular deposits into this account and stick to it. Once you've started, you won't even have to think about it

Get started with ABC District Investments Ltd. by opening a Tax Free Savings Account (TFSA).
